The Wine Club was created to provide the opportunity to learn about wines and have the chance to purchase wines the same way they become part of the Inn's collection: by tasting them.

The group gathers the fourth Thursday in each of the seven months listed above. Led by a distributor or a winery representative, members have the opportunity to enjoy 6 wines and a wide array of foods prepared expertly prepared by our kitchen staff. Part educational, part social, completely experiential, Wine Club offers the opportunity to widen your palate, knowledge, and social circle.
